Starcraft Accessories	45-46

Where history and innovation share the water.

• Leading manufacturer in the boat industry since 1903.

• Complete new line of fishing boats for 2002.

• One-piece bottom on all aluminum boats, not multiple pieces joined together.

• Family-owned business that treats its customers like family.

• Power-Trac Hull® offers innovative design technology for aluminum boat construction.

• Integrated Torsion Beam Construction (TBC) used in aluminum boats.

## Before you go out there, you'd better know where you came from.

For Starcraft, building boats is about more than just being revolutionary, earning distinctions and catching good reviews. It's also about snagging the hearts of generations of boaters. It's about becoming a part of some family's heritage. If you tool around a lake and mention the name Starcraft, you're likely to hear someone recall the trusty utility their grandfather fished out of 50 years ago. Or the old 19' outboard dad would trailer up to the lake on weekends. It seems Starcraft has been woven into the American legacy of water and families for generations.

But the past is past. The true measure of a boat builder is its vision for the future. What it will put on the water tomorrow. Unique hulls. Revolutionary technology. Essential ergonomics. At Starcraft Marine, we're always looking ahead, continuing to research better ways to design, develop and manufacture the quickest, driest, most convenient boats. That's what we're already working on for next year, and the year after that. It's our mission. So strap on your life vest. Hang on. And enjoy the ride on an industry leader.

- Radiant heat-cured paint process for long-lasting finish.

- New space-age helm consoles.

- Lifetime warranty on all riveted seams.

- Injected foam flotation seals air pockets better than poured or block foam.

- Multiple design innovations provide the driest ride in the industry.

- Certified by NMMA (National Marine Manufacturer's Association) and the U.S. Coast Guard.

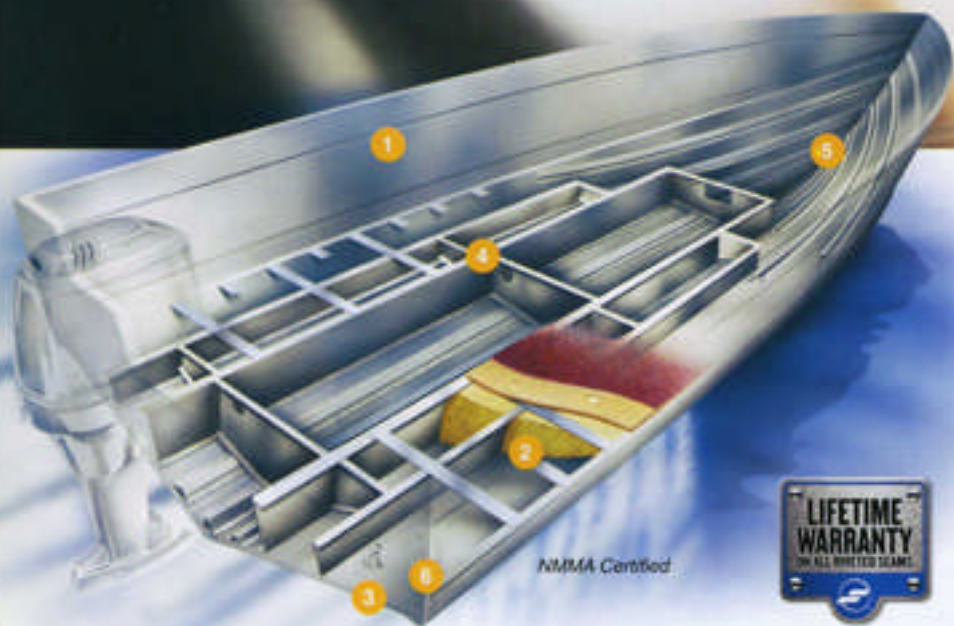

### Power-Trac Hull®

Our shock-absorbing Power-Trac Hull® combines longitudinal, machine-formed ribs with Starcraft's exclusive Torsion Beam Construction (TBC) stringer system that flexes with the waves instead of against them, providing greater strength and a smoother ride.

Nearly a century ago, Starcraft became the first manufacturer to build boats out of metal, and we have yet to see anyone do it better. Our sturdy aluminum hulls provide exceptional strength, stability, and safety — even in the roughest waters.

NMMA Certified

### Aluminum Construction

1. Starcraft uses only 5052 H34 marine grade aluminum for the greatest tensile strength and corrosion resistance.
2. Foam is injected, not poured, between the floor and hull — filling all air pockets and providing greater strength and reduced noise.
3. Full-length reverse chine pushes water down and away, for quicker planing and improved cornering.
4. Instead of flat I-beams, we use a flexible TBC stringer system for exceptional strength and shock absorption.
5. Unique machine-formed ribs are stronger and more flexible than the heavy two-ply aluminum used by competitors.
6. Double riveted chine and transom seams provide a tighter seal and increased structural integrity.

### All-Aluminum Transom

For added protection against saltwater, every Fishmaster boat features an all-welded, all-aluminum transom that's the strongest in the industry. In addition, all transoms and bow end caps are anodized to prevent rusting and discoloration.

### Rise & Run Hull

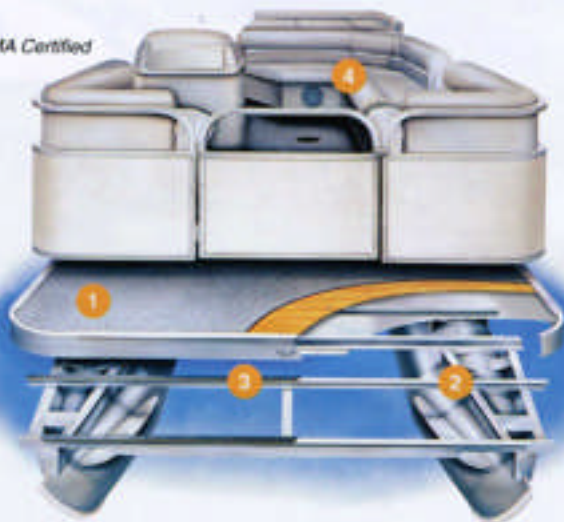

Our R2 Hull features an inverted channel that lifts your boat on plane almost instantly, allowing you to blast out of the hole faster and sprint to the fish with more control.

Want a pontoon that's going to withstand years of fishing, cruising and fun on the water? Choose the only one with 99 years of applied boating technology behind it. Choose Starcraft.

NMMA Certified

### Pontoon Construction

1. New flush bow decks are completely free of cleats and lights for added safety.
2. Heavy-duty, extruded Z-bar cross members provide greater strength and stability than conventional hat channels.
3. To completely seal each deck section joint, LockOut® Sealant Tape is placed on every Z-bar cross member for years of watertight protection.
4. Rotocast furniture features integrated drains that channel excess water back into the lake to help prevent mildew and water damage.
5. Lifetime warranties on tubes, deck and transom.

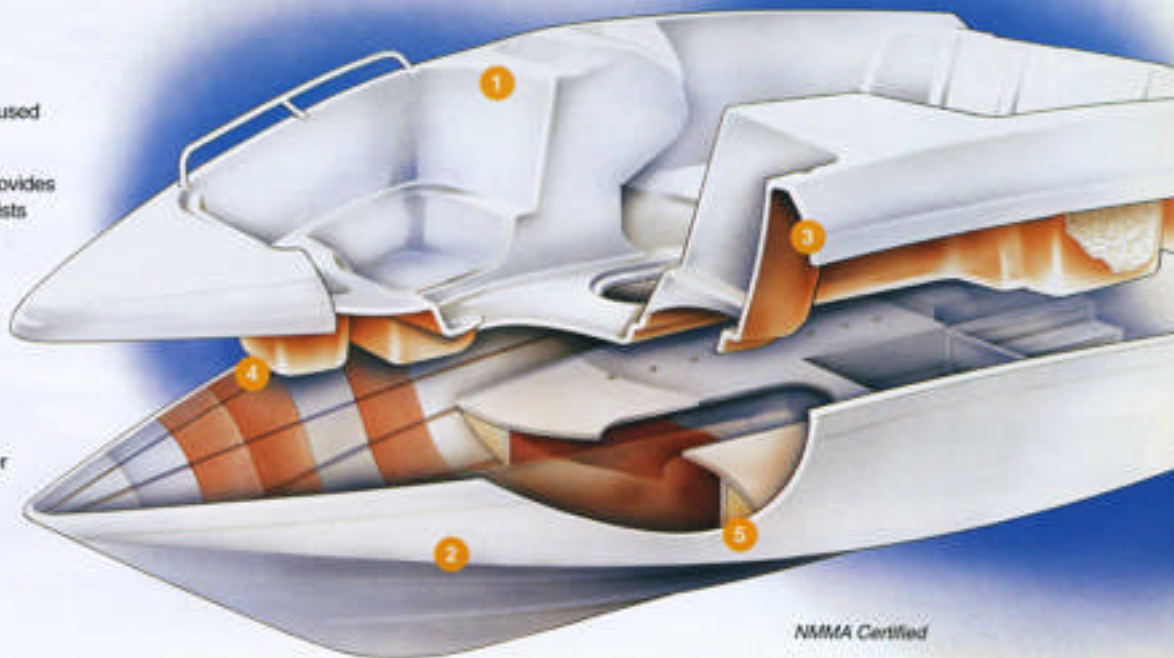

The passion for boating starts deep inside.

Starcraft fiberglass boats are built tough, from the inside out. It's a difference you can feel every time you take the wheel — in better handling and a smoother, quieter ride.

### Fiberglass Construction

1. A one-piece fiberglass liner with radiused corners means easier cleaning.
2. High-elongated polyester gel coat provides a durable, long-lasting finish that resists fading and blistering.
3. Multi-axial "E-glass" produces a stronger yet lighter boat than traditional fiberglass construction methods.
4. We insist on 24-ounce woven roving fiberglass and a 6" overlap between the hull and deck for greater strength and a tighter fit.
5. Foam is injected, not poured, between the floor and hull — filling all air pockets and providing greater strength and reduced noise.

NMMA Certified

**Pro-Elite**  
Some boats were just born to fish.

If you've got fishing in your blood, then the Pro-Elite was made for you. We're talking about a deep V-hull that's loaded with fishing features. Like a wide, 102" beam for extra elbow room on the Pro-Elite 2000. Deep cockpit with toe kicks for added safety. A bow command center for convenience. Deluxe pinchless fishing seats for comfort and lockable storage everywhere you look. Plus, thanks to Starcraft's exclusive Power-Trac Hull<sup>®</sup> and Torsion Beam Construction, you're getting one of the toughest boats on the water. So this year, fish like a pro — in a 2002 Starcraft Pro-Elite.

## Islander and Expedition

These boats are as fearless as you are.

### Islander 2002 Islander

This season, feel like going out deep where the big fish are? Then you've found the right boat — the 2002 Islander. This rugged V-hull is equipped with everything you need to take on the rough waters of Great Lakes fishing. For added safety and durability, you'll find a deep cockpit, as well as rack and pinion steering and double riveted chine and transom seams. And best of all, for serious fishing trips, there's a roomy cuddy cabin. Are you seeing visions of salmon and steelheads? The 2002 Islander can make your fishing dreams come true.

## Expedition

### 2002 Expedition

If you're headed for some serious offshore or deep water fishing, we just have one thing to say: Lucky you. And we'd also encourage you to check out this year's 2280 Expedition. This fiberglass center console V-hull is perfect for the awe-inspiring conditions you're likely to encounter. It's armed with our solid composite stringer system, 3/8" Plexiglas® windscreens, and stainless steel toe rails and foot rests. Plus, it's completely self-bailing, right down to the cup holders. The 2002 Expedition. Perfect for those who aren't afraid to put some serious distance between the boat and the boat launch.

## Fishmaster 2002 Fishmaster

Wherever they're lurking — in big water or small, the Fishmaster is just the boat to lead the way. The Fishmaster features advanced wood-free construction, with an all-aluminum floor and transom and composite bow deck, together with our TBC integrated aluminum stringer system and machine-formed aluminum ribs. Inside the boat, its high-gloss dash, bow command center and deluxe pinchless fishing seats make this the versatile choice for chasing the big ones in virtually any water. So go out as far as you choose. Just be sure to go in a Fishmaster.

## SuperSport All-aluminum. And all about fun.

Meet the 2002 SuperSport. Where serious aluminum construction meets the family-friendly design of a runabout. The SuperSport features the same exclusive Power-Trac Hull® and Torsion Beam Construction of our rugged fishing boats, but it's got all the good-time comforts, like bow bolster pads, bow cushions and fold-down seats for easy sunning. It's also lighter weight than fiberglass runabouts and requires less towing capacity from your vehicle. So come on. Let's make some waves. This boat knows how to play.

## Starfire LE We've taken care of the details.

## Starfire 2002 Starfire

Go with a Starcraft, and you'll always get the best value on the water. Why? Because all our boats have the same high standards of construction. Take the Starfire. This affordable V-hull features the same exclusive Power-Trac Hull<sup>®</sup>, full-length reverse chine and Torsion Beam Construction as our top-of-the-line fishing boats. Also, it has the same lifetime warranty on the double riveted seams. Same machine-formed ribs. And the same painted, heat-cured two-tone finish. Add to that some pretty amazing amenities, and you've got a great all-around family fishing boat. The 2002 Starfire. You couldn't ask for a better deal.

There's beauty in simplicity.

## Utilities and Jon Boats

2002 Utilities and Jons

And let's face it, over the years a whole lot of fish have been caught in a simple utility boat. Our line-up features both welded and riveted models with reinforced hulls and transoms for added durability, as well as the same heat-cured paint process as our other aluminum boats. The way we see it, with a beautiful sunrise, quiet water and a trusted boat, you've got all the ingredients for a great day of fishing.

### Welded Bass/Utilities

SPECS	SF 14 T DLX
Standard Power	25 ELJ18.7 kw
Maximum HP	3022.5 kw
Fuel Capacity	N/A
Length	14.374.3 m
Beam	67.170 cm
Weight (boat only)	400 lbs./206.7 kg
Cap. (persons/lbs.)	3405 lbs./207.1 kg
Capacity (lbs.)	1020 lbs./462.7 kg
Inside Depth	20.751 cm
Transom Width	66.7168 cm
Chine Width	53.7135 cm
Transom Height	20.751 cm
Aluminum Gauge	0.0637.165 cm
Plg. Length	19.475.9 m
Swing Weight*	1070 lbs./485.4 kg
Draft*	19.748 cm
Deadrise	0°

## Nexstar LXS

2002 Nexstar LXS

If free-spirited cruising in a high-powered, low-profile runabout tends to put a smile on your face, then we've got the boat for you: The Nexstar LXS. Put one through the paces, and you'll find that its revolutionary Wide Trac Hull® gives it an amazingly stable ride — even at higher speeds through sharp turns in the chop. The Nexstar's exclusive multi-axial "E-glass" construction makes it stronger and lighter than traditional fiberglass boats. And that translates into better, more reliable performance. Did we mention creature comforts? You and your friends will ride in style with spacious seating and sporty upholstery. Think this could be the one for you? Simply drop the throttle and grin from ear to ear.

# NEXSTAR

## Nexstar RXi

Ready for the next level? It's called RXi.

1910 RXi

# Nexstar RXi

2002 Nexstar RXi

The Nexstar RXi series — taking luxury to new heights. These four new additions to the revolutionary Nexstar family feature our Wide Trac Hull® construction, with upgraded appointments and a uniquely uncompromising feel. The new 2312 Cuddy has the added attraction of a luxurious V-berth cabin, with a large portside entrance and 60 inches of headroom. The 2312 and the 2510 both feature Starcraft's exclusive center aft entry point for stylish convenience. And the 2510 easily accommodates up to 14 people with its spacious bow and stern seating. Have you arrived? Simply turn the key of a Nexstar RXi, and you'll be there.

### RXi Package

- Stainless Steel Rub Rail
- Camery Luxury Interior
- Cockpit Carpet
- Burl Wood Dash and Steering Wheel
- Stereo Touch Pad Remote on Stern Swim Platform

Fish & Ski

**1810**

**1810 Sport**  
Shown with  
optional extended  
swim platform  
and Bimini Top.

**1810 Sport  
Limited Edition**

Take a look at this year's 1800 series. With a wide range of packages at a great value, you can join the Starcraft family without going out on a limb. The 1800s feature the same innovative construction as our Nexstar line, and they are loaded with lots of family-friendly touches. There's a Fish & Ski model for the anglers in your crowd, and all models feature excellent holeshot performance for quick skiing take-offs — as well as a 96" beam with True Track Turning. So toss in a tube and let the fun begin. In the 1800 Series, excitement and value come together in style.

2009 Fish & Ski

2015

It's simple. If you're looking for maximum versatility, check out one of the Aurora series deck boats. They feature the industry's best collection of features and amenities, with eight different models to suit your family's needs. For skiing, fishing, swimming, sunning or simply taking everyone along for a ride, the Aurora is an unbeatable crowd-pleaser. And the 2410 RXi, shown below, has the sporty styling of a wrap-around windshield, extended swim platform and underseat fiber optic lighting. So this year, launch a new Aurora and give your family a few more options. Or should we say, a few more standards.

Aluminum Gauge	2007.203 cm
Tube Diameter	25.94 cm
Colors	blue, tan, grey, green, purple

Shown with optional Comfort Suite Package and stainless steel grill.

## Orion

### Chances are, you'll love being the chauffeur.

The Orion series — definitely not your granddad's pontoon boat. First of all, there's luxury everywhere you look. And secondly, these boats can do it all. From long days of action-packed fun to starlight cruises, you'll appreciate the Orion's deluxe upholstery and large change room. And this year, we've cleared all obstructions from our bow decks — all cleats and tow rings are now safely mounted on the pontoon tube. And for added comfort, all the rotocast furniture bases now feature 360° integrated drains, putting water back in the lake, where it belongs. Is there a line of people already forming on your dock? With a 2002 Orion, you may have to get used to that.

## Saturn

This year, the party's at your place.

Whether it's 14 fourth-graders or a family reunion, you'll entertain them in style in a new Saturn pontoon. This versatile line-up is loaded with features to make every day on the water complete. Like a large, stand-up change room. Full-width sundeck. Plenty of storage for all your water toys. And spacious seating with plush upholstery. This year, the Saturn also features our new flush bow deck with no lights or cleats to get in the way, as well as rotocast furniture bases with 360° integrated drains. Got some burgers for the grill? Good thing, because there's nothing like a day on a Saturn to work up an appetite.

## Cruise The perfect getaway vehicle.

This is what you've waited for — the end of the week. And the fastest way to put it all behind you? A new Starcraft Cruise pontoon. These value-packed boats are loaded with extras, and they feature the same top-of-the-line construction as our high-end pontoons.

## Cruise 2002 Cruise

Like pressure-checked tubes. All-aluminum, welded transom. 7-ply pressure-treated plywood deck. And anodized rub rails. In addition, the fence panels are insulated to eliminate noisy vibrations, and the tubes feature a full-length keel for extra steering stability and protection while launching. With all this at such a great value, it would be a crime to let another summer slip away. The 2002 Cruise.

# Starfish

## 2002 Starfish

Want to make the most of your family's summertime? Then pile them in a Starfish pontoon. You'll find plenty of features for cruising, tubing, swimming and sunning. Plus, it's all decked out for fishing, with 4 pinchless fishing seats and lockable rod storage. For those who like to pack lots of activities in a single outing, there's a large, stand-up change room on the 240. And to give you a break from the sun, all the models have a large, stylish bimini top with side wings. Have you waited long enough? Get a new Starfish, and even *you'll* be counting the minutes until school's out.

Mooring (Travel) Cover	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•

**Dual Bimini Top**  
Offers twice as much protection from the elements as our standard bimini top. Treated to resist water and mildew.

**Cockpit Cover**

Protects your fiberglass boat during trailering or at dockside.

Treated to resist water and mildew.

**Stealth® Composite Flooring**

Optional composite pontoon flooring made of space-age synthetics is stronger and quieter than aluminum floors.

**Bimini Top with Side & Aft Curtain Sets**

Treated to resist water and mildew. Available on fiberglass boats.

**Accessories.  
Just to top it all off.**

**Molded Fiberglass Refreshment Center**

Wash your hands, clean fruit, or rinse out dishes without having to return to the dock. Available on pontoons.

**Trouble-Free Bed**

Couch converts to comfy bed for tanning or napping. Opens easily with one hand. No loose cushions to fumble around with.

**Bimini Top with Bow Tonneau Cover, Side Curtains & Drop Curtain**

Protection from the elements while you fish. Treated to resist water and mildew. Available on aluminum boats.

**Refrigerator**  
Available on Nexstar 2510 RXI as part of wet bar option.

**Bimini Top, Bow Tonneau Cover, Side & Aft Curtain Sets**

Maximum protection from the elements. Treated to resist water and mildew. Available on aluminum boats.

**VOLVO PENTA®**

**Volvo Engines**

Selected Starcraft deck boats come standard with a Volvo stern drive engine.

**Remote Control Halogen Dock Light**

Makes docking your pontoon easier and safer at night.

**Mooring Cover with Bow Tonneau Cover**  
 Protect your fiberglass boat during trailering or at dockside. Treated to resist water and mildew.

#### Trailers

Choose from three easy-loading trailers for your aluminum boat. See your Starcraft dealer for details.

#### Ski Tow Bar

Helps keep the ski tow rope out of the engine's way (N/A on I/O models).

#### Swing-Away Tongue

Turns to the side, allowing you to pull the boat farther into the garage for storage.

**Mercury Propulsion**  
 Selected Starcraft boats come standard with a Mercury® outboard or MerCruiser® stern drive with optional horsepower matched to each hull for optimum performance and economy.

**MERCURY**  
 The Water Calls

\* Not all accessories are available on every Starcraft boat. Please refer to the specification pages for a detailed listing of standard features and options.

## Good times on the water start with Starcraft.

In today's world, family is more important than ever before. At Starcraft, we believe that boating offers the best way for families to spend quality time together. Wherever you happen to enjoy the water — at our lakes, parks or rivers — and whatever type of activities you choose, it's all about sharing valuable time with friends and family.
