## TECHNOLOGY

- Select Starcraft sportboat models are available with a Murphy touch screen control system, putting a wide range of features at your fingertips
- Modified Dihedral Cat Hull with a deep V-hull and side sponsons that slice through the water, increase stability when anchored and provide for a larger bow area
- New extended swim platform with the water sport-friendly Armstrong ladder design
- LED lighted interiors, including lighted cupholders, courtesy lighting, speakers and underwater lighting
- Bluetooth® stereo for the ultimate in boating entertainment

## COMFORT

- Premium Packages and Sport Packages take your Starcraft to the next level
- Wide color selection available on every model – pick the one that fits your style (for all of your color options, see pages 28-29)

# EVERY DETAIL SETS US APART.

Starcraft fiberglass boats are painstakingly constructed to the most exacting standards. Learn more about the elements that add up to industry-leading quality.

- Integrated stringer system provides unmatched strength and durability. All components are encapsulated in fiberglass, and on all OB models the stringers are completely composite.
- Blister-guard barrier protects your boat from the elements and prevents gel coat blistering.
- Ten coats of wax are applied to the molds for consistent part quality. Layered 24 oz. woven roving power weave fiberglass mat is used with a 6-inch overlap between the hull and deck for enhanced strength and a tight fit. Next is the application of 22 ml of high luster gel coat and, finally, each hull is inspected and weighed for consistency.
- 22 ml ISO-NPG Gel Coat
- 24 oz. Power Weave Mat
- 60 ml of Fiberglass Mat
- 2 ml Coremat
- 18 oz. Bi-Axial Fiberglass
- Blister-Guard Barrier Coat

- A ROOMY WALK-IN BOW:** Provides comfy, spacious seating for four. Plus, it easily converts into loungers with reclining backrests for the ultimate in relaxation.
- B DRIVER'S CONSOLE:** Luxuriously appointed helm station with ergonomically designed dash and helm seat.
- C CLEAR VIEW SAFETY GLASS WINDSHIELD:** Stylish design keeps passengers dry and safe.
- D 35 OZ. VINYL UPHOLSTERY:** Comfortable and strong, the upholstery features self-draining foam for lasting durability.
- E SURE STEP SAFETY PLATFORMS:** Wide, secure swim platforms, both front and aft, feature deepwater ladders for safety and convenience.
- F UNITIZED 2-PIECE HULL:** Top and hull are screwed and bonded together, creating the added strength needed to secure your lifetime hull warranty.

# CHOOSE YOUR EXCITEMENT.

With four distinct hull contours, Starcraft delivers unbeatable performance that's designed to be the very best experience, no matter how you spend time on the water. Take a few moments to learn more before choosing the Starcraft model that's right for you.

**MODIFIED DIHEDRAL CAT HULL** features a deep V-hull with side sponsons that slice through the water, increase stability when anchored and provide for a larger bow area.

**STAR STEP HULL** incorporates a cutaway design with a longer running surface that delivers faster planing, less bow rise and better performance with lower horsepower.

**MODIFIED DIHEDRAL V-HULL** virtually eliminates rough ride and rocking motion, while air injection vents provide the smoothest, driest and most stable ride in its class.

**RUNABOUT REVERSE CHINE HULL** pushes water down and away from the boat, providing first-class performance with impressive acceleration and cornering.
