STARCRAFT

HOLIDAY

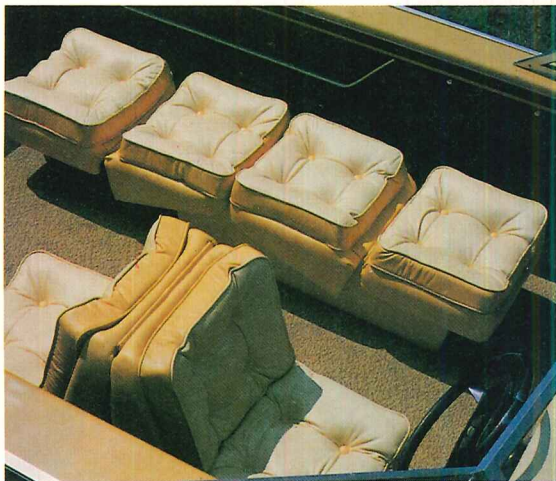

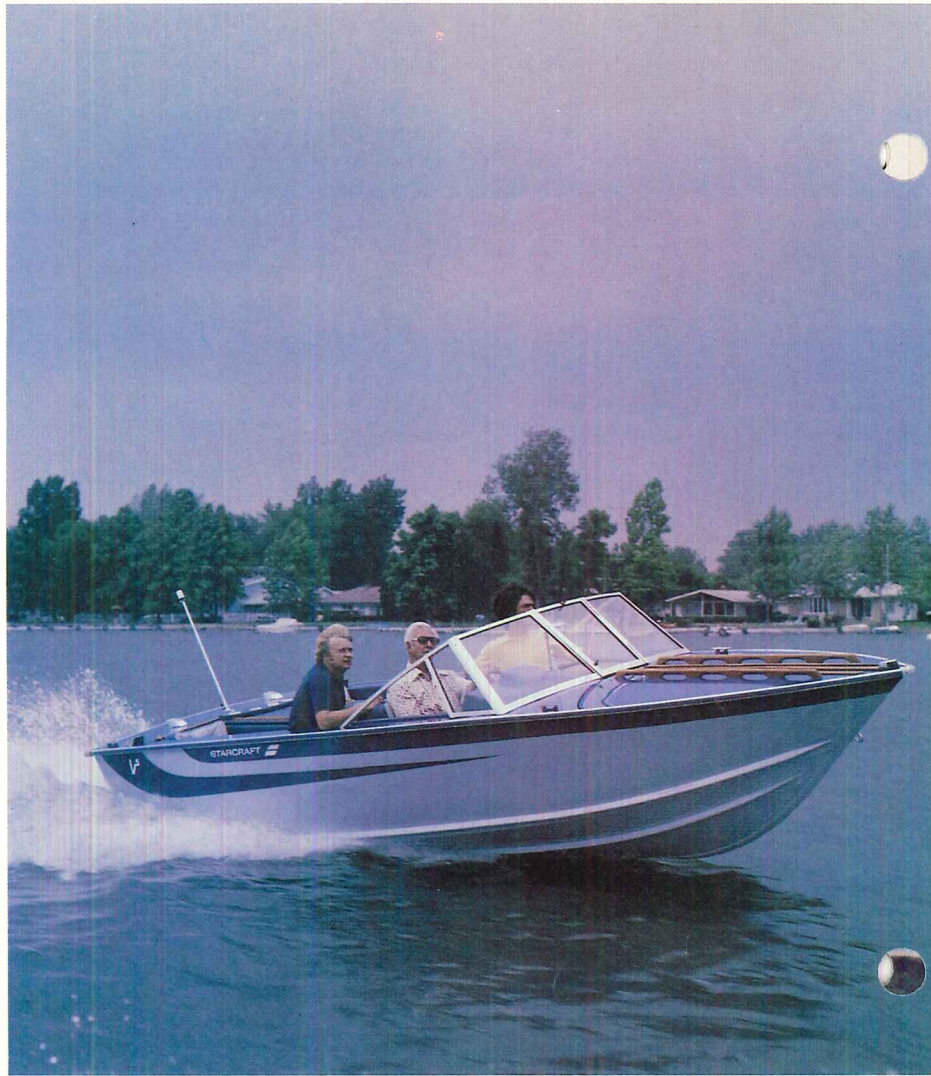

There's been a Holiday model in the Starcraft line for about as long as anyone can remember. Two decades or more. A long time to keep a good thing going.

Holiday has. By evolving into the most sophisticated marine aluminum runabout around. And, with our new V-5 hull on the 22, 18 and 14 foot models, Holiday is the state of the art in aluminum boats.

This year, there are eight Holiday models in 14, 16, 18 and 22 foot lengths. With a choice of outboard or stern drive power on the 18 and 22 models. And a V-5 or Modified-V hull choice on the Holiday 18.

Any Holiday you choose delivers smart looks plus the economical advantages of marine aluminum—less horsepower, less trailer, less fuel consumption. More affordable.

This year's Holiday models feature new colors including a blue-gray treatment on the 18 and 22 models or a red-gray option. Color-keyed hardware and trim adds a distinctive touch. Plush cushion-look, two-tone seats.

Holiday 16 interior comfortable, spacious and good looking.

Command Instrumentation includes tach, speedometer, amp. meter, fuel tank and oil light. Temp gauge and trim indicator on I.O. models.

Holiday 22 V-5

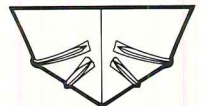

Holiday 16

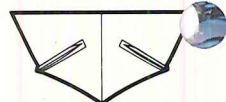

Holiday 14 V-5

Our ocean-tested V-5 hull is now available on Holiday 18 V-5.

The V-5 hull is now available on Holiday 14, 18 and 22.

The Modified-V marine aluminum hull is available on Holiday 16 and 18.

SUPER SPORT

The added room of a bow-rider. The economies of marine aluminum—less weight, less horsepower needed, less trailer, less fuel consumption. More boat for your money. Security in the Starcraft reputation for experience, quality and service.

That's why Super Sport is a perennial favorite among family boat buyers. In 1979, the popularity continues for all 7 Super Sport models. Because of a whole lot of good things going.

New colors, for instance. Red and gray on Super Sport 22 and 18. Blue and gray is also available on the 18, as well as Super Sport 16. And the 16 also comes in yellow. Plus deck hardware, dash panels, and rubrails are all color-keyed to the hull and deck colors.

All Super Sports for '79 feature our new two-tone, cushion-on-cushion-look seats. And, our performance-proven V-5 hull is now available on Super Sport 18 as well as the Super Sport 22 V-5 introduced last year.

Bow rider room. Marine aluminum economy. Super Sport's got a good thing going.

New Super Sport 18 V-5 I.O.
Also available as an outboard model.

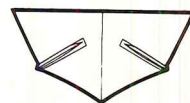

Super Sport 22 V-5 is quick, responsive and beautiful.

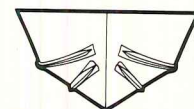

All Starcraft boats, including the Super Sports, sport tastefully color-keyed hardware in 1979.

Super Sport 16 is a quick, roomy, economical boat.

Our time-tested Modified-V hull is standard on Super Sport 16 and available on the 18.

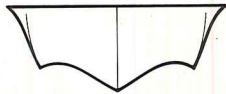

The ocean-tested V-5 hull is now available on Super Sport 18 as well as the 22.

STARDECK

Last year, we introduced StarDeck 19. Instant success! This multi-purpose "fun platform" was a hit with boat buyers of every description.

This year, we changed StarDeck's colors to blue/gray or red/gray. We redesigned the center console. Added a lighter and ashtray. Plus two-tone, cushion-look seating.

And, we've added StarDeck 22. Now there's a bigger StarDeck with all the good things found on the original. Plus an aft sundeck, two ice wells, boarding ladder and stern rails, and optional stereo tape deck.

StarDeck's wide, stable performance-oriented Tri-Hull.

StarDeck 19.

StarDeck 19, our versatile "fun platform".

StarDeck is as agile and quick as it is roomy.
