Where are you from? It's the question that defines us most. It connects us with the place that's at once our anchor and our compass. At Starcraft, we come from a place called fishing. For more than 100 years, our boats have dotted shores of all sizes — with names like Bull Shoals, Okeechobee, Put-in-Bay. Places that have welcomed generations of families who love this sport. Wherever you fish, as you throttle on plane at the crack of dawn, you join thousands of anglers who put our heritage in motion. And with every day on the water, we're proud to become part of your heritage, too.

Since 1903

Today's Starcraft is a company run by the same family that started it all, back in 1903. Four generations of the Schrock family have dedicated themselves to leading the industry in quality and innovation with full-vested boats that are well within reach. There's a sense of pride at Starcraft that you won't find anywhere else. Pride in our boats and pride in backing them up. A commitment made from our family to yours.

FAMILY FIRST

Power of Choice

Only Starcraft allows you to combine the broadest model lineup with your choice of the world's top five engine manufacturers to create the very best boat for you.

Over 100 Years

Quality Service

HERITAGE. IN MOTION

Visit our website for the latest information.

The Starcraft // Difference

2010 Construction

1. Power-Trac Hull® combines machine-formed ribs with Torsion Beam Construction (TBC) for incomparable strength and better performance.

2. 5052 H34 Marine Grade Aluminum resists dents, dings and corrosion for years of reliability.

3. Foam Injection between the floor and hull eliminates air and water pockets for greater buoyancy and reduced noise.

4. Full-Length Reverse Chine keeps the bow down during acceleration for faster hole shots and improved cornering, providing a drier ride than most competitive lines.

5. TBC Stringer System offers greater strength and resilience, flexing with the waves for a smoother ride.

6. Machine-Formed Ribs combined with our one-piece hull bottom, without center seam, outperforms other aluminum brands that use two-ply aluminum with a center seam.

7. Double Riveted Seams provide a tighter seal for increased structural integrity.

8. 7-Ply Pressure Treated Floor/Deck resists warping and other effects of dampness.

9. Stainless Steel Bow Rails offer corrosion resistance and a cleaner look.

10. Marine Grade Carpet and Upholstery are designed for years of durability.

11. Premium Electronics include power for iPod/MP3 player.

12. Full Factory Installed Instrumentation standard on select models.

Starcraft Warranty

Starcraft offers a variety of outstanding warranties on our boats. Our aluminum boats come with a limited lifetime warranty on riveted and welded main hull seams. For complete warranty information on any particular aluminum boat, contact your Starcraft dealer.

CSI Award of Excellence

Starcraft is honored to be a recipient of the 2009 NMMA CSI Award for Excellence in Customer Satisfaction for aluminum fishing boats. We dedicate the recognition to Starcraft owners across North America who inspire our ongoing commitments to quality and innovation.

Built to Last.

How tough is a Starcraft aluminum fishing boat? Glad you asked. Each one is NMMA Certified and meets or exceeds all U.S. Coast Guard requirements. We use only 5052 H34 marine grade aluminum — the toughest we could find — to resist dents, dings and unwanted corrosion. We also finish our boats with a radiant heat-cured paint finish for good looks that will last, season after season.

*Official Boat of Team Starcraft.*

**Pro Fishing**

*The power to fish like the pros.*
Starcraft pro fishing boats are born of the experience and expertise of Team Starcraft. Our pros are out there week after week putting our boats to the test on a wide range of circuits including walleye, bass, crappie, muskie, salmon, striped bass and catfish. Their success is the ultimate testimonial for our advanced hull designs, spacious floorplans and outstanding features. We offer our thanks to each team member for the hard work and competitive spirit that resulted in top finishes in 2008. We’re already looking forward to a great season in 2010.

We are so proud of our Team members. That is why we invite you to join us and take a ride in the best freshwater tournament boat on the market. And, become a member of the hottest fishing team in the world of fishing today.

Thank you to the following Team Starcraft Members:

- Greg Yarbrough, Team Captain - Port Clinton, OH
- Jeff Manz - Vanderwell, MI
- Matt Davis - Marion, OH
- Dan Gies - Huron, OH
- Gary Zart - Hinkley, OH
- Nate Schmelz - Chesterfield, MI
- Shawn Rogers - Spokane, WA
- Jeff Seyka - Milford, MI
- Mike McMaken - Cordova, MI
- Bill Murray - Brighton, MI
- Ben Schmoldt - Kewaskum, WI
- Jason Doyon - Sault Ste. Marie, Ontario, Canada
- Joe Cartright - Appleton, WI
- Tony Puccio - Verona, WI
- Mark Broderick - Coon Rapids, MN
- Ed Clements - Bay City, MI
- Steve Lamb - Oxford, MI
- Leon Dykas - Torrington, CT
- Bob Angello - Nashville, TN
- Trent Lee - Shelby Township, MI

We introduced our new Starcraft STX 2050 Tournament Boat and we ran boats to a select group of fishing professionals. Here were the results in some of the pro fishing circuits throughout North America.

1 - 2008 Cabelas MWC World Walleye Champions (Masters Walleye Circuit)
2 - MWC World Walleye Championship Qualifiers 2008 and 2009
5 - Top 10 Team of the Year Titles
6 - Tournament wins including one Championship victory
7 - Top Ten finishes

CIRCUITS TO LOOK FOR OUR TOURING PROFESSIONAL ANGLERS.

AIM Professional Walleye Circuit
AIM Satellite Series
FLW Walleye Tour
Fishing League World
Cabela’s World Walleye Championship (Masters Walleye Circuit)
WSWC – Washington State Walleye Circuit
Cabelas MWC (Masters Walleye Circuit)
WSWC – Washington State Walleye Circuit
Cabelas 2009 NTC Qualifiers

TEAM MEMBERS

**Driver’s Console.** Starcraft’s fishing-inspired consoles feature fog-free, easy-to-read gauges. Select models offer space for electronic add-ons and a connection for an iPod/MP3 player.

**Livewell/Baitwell.** Protect your catch with Starcraft’s spacious livewells and the exclusive Flow Rite System. Drainage flows through the transom and makes cleanup easy. (STX features the Oxygenator®.)

**Reverse Chine and Power-Trac Hull®.** Our shock-absorbing Power-Trac Hull® provides incomparable strength, while the exclusive reverse chine design pushes water down and away. Combined, they give you the smoothest, driest ride on the water.

**In-Floor Lockable Rod Storage.** Keep your rods safe in spacious, lockable in-floor storage with tube holders for six rods.

**Wash-Down Hose.** Cleanups and wash-downs are a breeze with this convenient hose with spray nozzle.

**Locking Rod Storage.** Your rods stay safe and secure in roomy, well-designed, lockable storage located both port and starboard on select models.

**Stem Seating.** Flip-up stem seats add comfortable seating for passengers without sacrificing casting space.

**Rod Track.** Port and starboard rod tracks are standard on several models, making it easy to add downriggers and rod holders for extra versatility.

**Fish Finder.** All Starcraft fishing boats offer a choice of optional fish finders that mount right on the console.

**Dual Throttle.** Enjoy comfortable trolling with a convenient optional second throttle for a kicker motor.

**Ski Tow.** Ramp up the fun — and versatility — with an optional ski tow.

**Swim Platform.** Convert easily from fishing to family fun with an optional swim platform with ladder.

**Drop Curtain.** The optional drop curtain provides protection against rain and has been treated to resist water and mildew.

**Trolling Motor.** The optional fish package features a trolling motor with electronic steering on a quick-release mounting bracket.

**Canvas.** Starcraft fishing boats offer a complete selection of optional coverings that are specially treated to resist water and mildew: 1) Bow Cover 2) Fisherman’s Top 3) Aft Curtain 4) Side Curtain

**Dual Throttle.** Enjoy comfortable trolling with a convenient optional second throttle for a kicker motor.
