For more than 107 years, Starcraft has built a heritage of quality and innovation that stretches across North America. We’re especially proud to have earned the loyalty of serious fishermen who take on the challenges of big water and rugged weather — anglers, who are the last ones in each winter and the first ones out in the spring. For our 2011 lineup, we have renewed our commitment to big water fishing with series that offer deep V-hulls, spacious floorplans and all the best features so you can fish like a pro. These are serious boats for serious sportsmen. And at a Starcraft dealer, they’re waiting for you.

HERITAGE YOU CAN COUNT ON.

Today’s Starcraft is a company run by the same family that started it all back in 1903, with durable galvanized steel row boats. During the 1950s, Arthur Schrock helped pioneer the manufacture of aluminum watercraft, beginning a long history of continuous improvements to aluminum hulls and a dedication to providing superior boats for serious fishermen. Four generations of the Schrock family have helped lead the industry in quality and innovation — and most importantly, value. There’s a sense of pride at Starcraft that you won’t find anywhere else. Pride in our boats and pride in backing them up. A commitment made from our family to yours.
Only Starcraft allows you to combine the broadest model lineup with your choice of the world’s top five engine manufacturers to create the very best boat for you.
Since 1903

How tough is a Starcraft aluminum fishing boat? Glad you asked. Each one is NMMA Certified and meets or exceeds all U.S. Coast Guard requirements. We use only 5052 H34 marine grade aluminum — the toughest we could find — to resist dents, dings and unwanted corrosion. We also finish our boats with a radiant heat-cured paint finish for good looks that will last, season after season.

CSI AWARD OF EXCELLENCE

Starcraft is honored to be a recipient of the 2009 NMMA CSI Award for Excellence in Customer Satisfaction for aluminum fishing boats. We dedicate the recognition to Starcraft owners across North America who inspire our ongoing commitment to quality and innovation.

*Available on Superfisherman and Starfish.
Starcraft offers a variety of outstanding warranties on our boats. Our aluminum boats come with a limited lifetime warranty on riveted and welded main hull seams. For complete warranty information on any particular aluminum boat, contact your Starcraft dealer.

### Starcraft Warranty

1. **Power-Trac Hull®**
   combines machine-formed ribs with Torsion Beam Construction (TBC) for incomparable strength and better performance.

2. **5052 H34 Marine Grade Aluminum**
   resists dents, dings and corrosion for years of reliability.

3. **Foam Injection**
   between the floor and hull eliminates air and water pockets for greater buoyancy and reduced noise.

4. **Full-Length Reverse Chine**
   keeps the bow down during acceleration for faster hole shots and improved cornering, providing a drier ride than most competitive lines.

5. **TBC Stringer System**
   offers greater strength and resilience, flexing with the waves for a smoother ride.

6. **Machine-Formed Ribs**
   combined with our one-piece hull bottom, without center seam, outperform other aluminum brands that use two-ply aluminum with a center seam.

7. **Double Riveted Seams**
   provide a tighter seal for increased structural integrity.

8. **7-Ply Pressure Treated Floor/Deck**
   resists warping and other effects of dampness.

9. **Marine Grade Carpet And Upholstery**
   are designed for years of durability.

10. **Premium Electronics**
    include port for iPod/MP3 player.

11. **Full Factory-Installed Instrumentation And Options**
    standard on select models.

### Power Package Option

- Trolling Motor With Quick Disconnect
- Graph
- Power Prep — Factory-Rigged Motor & Accessories

### Construction

#### Aluminum

   are designed for years of durability.

10. **Premium Electronics**
    include port for iPod/MP3 player.

11. **Full Factory-Installed Instrumentation And Options**
    standard on select models.

Ask your dealer about available factory-installed options such as trolling motors, graphs, GPS, kicker motors and rod tracks.
YOU'RE READY FOR ANYTHING.

This is it — the ultimate big water boat. Fishmaster features our widest beam, deepest interior, largest fuel capacity and highest maximum horsepower. From the moment you take the racecar-inspired helm until you retrieve your catch from the livewell, you’ll take fishing to the next level. This year, take on rough water in a proven winner. Head out in a Fishmaster.

WINNING TEAM

FISH WITH THE

TEAM STARCAST

Starcraft is proud to sponsor some of the most successful professionals competing at the national and local levels throughout North America, with numerous World Championships and Team of the Year titles to their credit. Starcraft fishing boats like the STX series are developed with the team's feedback, as they push our boats to the limit. You can count on that same performance and reliability in your Starcraft boat — to help you fish like a pro.
