For more than 107 years, Starcraft has built a heritage of quality and innovation that stretches across North America. We’re especially proud to have earned the loyalty of serious fishermen who take on the challenges of big water and rugged weather — anglers, who are the last ones in each winter and the first ones out in the spring. For our 2012 lineup, we have renewed our commitment to big water fishing with series that offer deep V-hulls, spacious floorplans and all the best features so you can fish like a pro. These are serious boats for serious sportsmen. And at a Starcraft dealer, they’re waiting for you.

Today’s Starcraft is a company run by the same family that started it all back in 1903, with durable galvanized steel rowboats. During the 1950s, Arthur Schrock helped pioneer the manufacture of aluminum watercraft, beginning a long history of continuous improvements to aluminum hulls and a dedication to providing serious fisherman’s boats. Four generations of the Schrock family have helped lead the industry in quality and innovation — and most importantly, value. There’s a sense of pride at Starcraft that you won’t find anywhere else. Pride in our boats and pride in backing them up. A commitment made from our family to yours.

A HERITAGE OF QUALITY AND INNOVATION THAT STRETCHES ACROSS NORTH AMERICA.
THE STARCRAFT DIFFERENCE.

CONSTRUCTION

Starcraft is honored to be a recipient of the NMMA CSI Award for Excellence in Customer Satisfaction for aluminum fishing boats. Starcraft is a proud member of the National Marine Manufacturers Association, which annually recognizes manufacturers committed to superior quality and innovation.

FIBERGLASS CONSTRUCTION

1. Marine Grade Construction - A great exit for years.
2. Self-draining cockpit floor to drain water or blood.
3. Full fiberglass stringer system - Standard throughout to provide structural integrity throughout the boat and its components.
4. Large bow seating area with J-Port for iPod/MP3 player.
5. Spacious Cuddy Cabin and Fly-Away Storage - The combination of fiberglass and aluminum provides unmatched strength and durability.
6. Full-length reverse chine - Helps keep the bow down during acceleration for faster hole shots and improved cornering, providing a drier ride.
7. Full factory-installed instrumentation and options - The latest in technology for tracking speed, fuel, and performance.
8. Power package option - Thrilling motor with quick disconnect.
9. Large 54", 32 gallon live well & port bow bait well - Plenty of room to keep your fish alive and your bait fresh.
10. Self-draining cockpits - Designed to look great and last for years.
11. All aluminum design and warranty - The components are encapsulated in aluminum for enhanced performance and longevity.

FIBERGLASS WARRANTY

Starcraft offers a variety of outstanding warranties on our boats. Our fiberglass boats come with a transferable limited lifetime hull warranty, a ten-year blister warranty, and a six-year limited warranty on upholstery, vinyl and canvas. For complete warranty information on any particular fiberglass boat, contact your Starcraft dealer.

ALUMINUM CONSTRUCTION

1. Marine Grade Construction - A great exit for years.
2. Self-draining cockpit floor to drain water or blood.
3. Full fiberglass stringer system - Standard throughout to provide structural integrity throughout the boat and its components.
4. Large bow seating area with J-Port for iPod/MP3 player.
5. Spacious Cuddy Cabin and Fly-Away Storage - The combination of fiberglass and aluminum provides unmatched strength and durability.
6. Full-length reverse chine - Helps keep the bow down during acceleration for faster hole shots and improved cornering, providing a drier ride.
7. Full factory-installed instrumentation and options - The latest in technology for tracking speed, fuel, and performance.
8. Power package option - Thrilling motor with quick disconnect.
9. Large 54", 32 gallon live well & port bow bait well - Plenty of room to keep your fish alive and your bait fresh.
10. Self-draining cockpits - Designed to look great and last for years.
11. All aluminum design and warranty - The components are encapsulated in aluminum for enhanced performance and longevity.

ALUMINUM WARRANTY

Starcraft offers a variety of outstanding warranties on our boats. Our aluminum boats come with a lifetime warranty on the marine grade carpet and a six-year limited warranty on upholstery, vinyl and carpet. Please visit www.starcraftmarine.com for more details.
All boats using OBs greater than 125 H.P. should have dual or hydraulic steering. Some models shown with optional equipment, including trolling motor and sonar unit. See Standards & Options on page 14.

FISHMASTER 210

- Driver’s Console
- Rod Storage
- Stern Seating
- Side-Mounted Rod Track
- Dual Shifter
- In-Floor Storage

Fishmaster Features

1. Driver’s Console
   - Fully integrated with the fuel-efficient, corrosion-resistant aluminum console, designed with 12V accessory connection, vertical A+/T screen, analog gauge package, AM/FM stereo, and a large storage compartment.

2. Rod Storage
   - Two rod holders that each hold up to four rods.

3. Stern Seating
   - Get maximum versatility with two flip-down seats at the rear of the cockpit.

4. Side-Mounted Rod Track
   - The universal design of the port and starboard rod tracks fit all down rigging systems.

5. Dual Shifter
   - Troll big water without worrying with our dual shifter for kicker engines.

6. In-Floor Storage
   - Keep all your gear dry and safely stowed with roomy in-floor storage.

- 12/24 Volt Trolling Motor
- Battery Charger
- Swim Platform and Ladder
- Additional Wood-Free Deluxe Fishing Seat
- Deluxe High Back Helm Chair (Driver and Passenger)
- Fuel/Water Separator
- Bimini Top with Visor
- Full Enclosure (with side, aft, walk-through and bow curtains)
- Depth Gauge
- Hydraulic Tilt Steering
- Ski Tow
- Snap-In Carpet
- Snap-On Cover
- Deluxe High Back Helm Chair (Driver and Passenger)
- Trim Tab
- Additional Wood-Free Deluxe Fishing Seat
- Deluxe High Back Helm Chair (Driver and Passenger)
When it's time to step up to a tournament-ready boat, it's time for the STX series. The 2050 features heavy .125 gauge aluminum one-piece hull, double riveted seams with lifetime warranty and a vinyl cockpit, while the Vipers have a full fiberglass construction. With both models, you get a competitive advantage thanks to large bow and stern casting platforms, versatile factory-installed rod track systems, three wood-free deluxe fishing seats and a pro-style 36 gallon stern livewell. You'll love the stylish console with rocker switches and the ease of a three bank battery charger and 24/36 volt motor plug.

Fish like a pro.

StarCraft is proud to sponsor some of the most successful professionals competing at the national and local levels throughout North America, with numerous World Championships and Team of the Year titles to their credit. StarCraft fishing boats like the STX series are developed with the team’s feedback, as they push our boats to the limit. You can count on that same performance and reliability in your StarCraft boat—to help you fish like a pro.
