THE INDUSTRY'S BEST WARRANTY. PERIOD.

- Limited lifetime warranty on hull and structure
- 6-year warranty on all components, carpet, upholstery and electronics
- All parts and labor
- 100% administered by Starcraft Customer Service Department
- Transferable to second owner

THE ONLY WARRANTY WITH 250 YEARS OF HERITAGE BEHIND IT.

MERCURY
FOUR GENERATIONS OF FAMILY PRIDE
GO INTO EVERY PONTOON WE BUILD.

When it’s time to move up to a better pontoon, there’s no better choice than a luxury-minded Starcraft. With an unmatched heritage of quality and craftsmanship, Starcraft pontoons continually set the standard for better experiences on the water. Every construction detail is engineered for reliability, and every interior is designed for comfort and sophistication. Plus, no matter which Starcraft pontoon you choose, you can elevate its performance with the HMX option, featuring lifting strakes that increase speed and fuel efficiency and provide a tighter turning radius. It takes a heritage of pride and excellence to build best-in-class pontoons year after year. So from our family to yours, welcome aboard.

GUIDED BY FOUR GENERATIONS OF THE SCHROCK FAMILY AND ITS PASSION FOR BOATING, STARCRAFT MARINE HAS DEVELOPED A LOYAL, EXPERIENCED NETWORK OF EMPLOYEES AND DEALERS, SO THAT WE CAN DELIVER THE INDUSTRY’S BEST SERVICE AND LIFETIME +6 WARRANTY. IT’S PEACE OF MIND THAT WE’LL BE HERE FOR GENERATIONS TO COME.

- PR25: 100 Gauge Center Tube with 60 Gallon Gas Tank
- Performance Strakes
- Ski Tow
- Sea Star Hydraulic Steering
- Full "Heavy" Hot Construction

PAINTED TUBE OPTION
Starcraft pontoon tubes are constructed with up to .080 gauge one-piece marine-grade aluminum. And now, with the painted tube option, you get the added durability provided by a combination of zinc chromate primer and urethane paint, which forms a corrosion-resistant surface.

"WITH INCREASED HANDLING, CORNERING AND TOP END SPEED, HMX IS THE CHOICE WHEN LOOKING FOR MAXIMUM PERFORMANCE IN A STARCRAFT PONTOON."

BRADY KAY

Thanks to Starcraft advancements in pontoon performance, you can now take full advantage of all the freedom and flexibility a pontoon boat has to offer. When you choose a tube configuration with HMX Performance Strakes, you can expect better lift, less surface drag, increased speed, faster planing and a tighter turning radius that allows you to dig and pivot to quickly rejoin a downed skier.

Add a higher horsepower engine to this innovative tube design, and you'll experience exhilaration you never dreamed possible in a pontoon. In addition, the PR25 and PR20 center tube options provide for an integrated ski pylon and 25" and 20" transom heights for your choice of engine shaft.

Discover for yourself how Starcraft's tube configurations and HMX Performance Strakes combine the personality of a ski boat with the versatility you love in a pontoon.
LEADING THE WAY WITH TECHNOLOGY, COMFORT AND CHOICE.

Every Starcraft pontoon boat is built on our three pillars of a better experience: advanced technology, luxurious comfort and more choices to help you customize your pontoon and make it your own. Technology, comfort and choice — dedicated to giving you great days on the water.

TECHNOLOGY

With our focus on continuous innovation, Starcraft incorporates sophisticated, real-world technologies into superior fiberglass sport boat designs, outstanding features and quality-focused manufacturing processes.

MURPHY TOUCH SCREEN: Select Starcraft pontoon models are available with a Murphy touch screen control system, putting a wide range of features at your fingertips.

- Displays all gauges and engine functions and air/water temperatures
- GPS with chart plotter and compass heading
- Stereo remote with Bluetooth®: 3 video inputs
- Controls for all exterior/interior accent lights
- If applicable, controls for freshwater pump, bilge pump, refrigerator and power bimini top

TUBES: Choose your level of pontoon performance with great pontoon tube configurations, including:

- IMX Performance Strakes
- 3 Standard tubes
- 2 Standard tubes
- PR25 Tube
- PTS Center Tube
COMFORT

Everything about a Starcraft pontoon is designed for maximum comfort and convenience. Our floorplans are spacious, flexible and provide something for everyone. Plus, our furniture is far from ordinary boat seating — our plush, overstuffed loungers create a luxurious living room on the water.

FURNITURE: Starcraft pontoon furniture uses only the finest quality, marine-grade vinyl with a stain resistant topcoat. Choose the floorplan with your favorite combination of lounge seating, helm chairs, sundeck and oversized rear loungers.

FLOORPLANS: Starcraft gives you more spacious floorplan configurations to fit your lifestyle. Select series offer versatile rear loungers models, stylish port seating models with two high-back helm chairs, and bar models that are ideal for entertaining.

CHOICE

Virtually every aspect of a Starcraft pontoon gives you the ability to choose a boat just for you. From our wide range of innovative floorplans, to great options and packages, to flooring and colors — it’s all about freedom of choice.

FLOORING: Starcraft pontoons offer a wide range of floor and carpet selections, including woven vinyl and vinyl look options.

COLORS: Choose your favorite color combination with selections for the panels, accents and bimini top.

LED LIGHTING: Premium details include a wide range of standard and optional LED lighting features: Babbiti underdeck lighting; mood lights; underwater lighting; lighted cupholders; lighted speakers.
WHERE CRAFTSMANSHIP IS A FAMILY VALUE.

At Starcraft, decades of boat-building experience have taught us one thing for sure — if you want to see true quality, simply take a closer look. Compare our hat-channel construction and cross channels with the foundations of other pontoons. Count the fasteners. Note the gauge of aluminum. In short, look at the details and you'll see everything you need to know. Which brings us to the other thing that sets us apart from the crowd. It takes a relentless commitment to quality to make one great pontoon.

CROSS CHANNEL CONSTRUCTION: Provides superior chassis strength. The transom area is supported up to 3/16" hat-channel construction using twice the amount of fixtures as other pontoons. This provides the strength needed to handle the high torque of today’s large engines.

DOES YOUR BOAT HAVE OUR CONSTRUCTION? Other manufacturers use C-channel designs which can require more cross members and provide less strength than Starcraft’s hat-channel construction. And with imbalanced weight distribution, C-channel cross members are less able to withstand the forces exerted on the pontoon year after year.
A  **HAT-CHANNEL CONSTRUCTION:** It all begins with .250 (heavy) and .125 (standard) gauge aluminum hat-channels that are 6” wide and secured with 8 bolts spanning across our 6” wide deck risers. This creates the widest base in the industry and gives our pontoons greater stability without adding unnecessary weight. Combine that with a .190 gauge aluminum transom that’s through-bolted with up to 20 bolts and footed deck risers that prevent tube fatigue, and you see why Starcraft backs its industry-leading construction with a Limited Lifetime Warranty on every product.

B  **CONSTRUCTED FOR ENDURANCE:** 3/4”, 7-ply pressure treated plywood through-bolted and screwed to the hat channels to create the strongest seams in the industry.

C  **QUICK-RELEASE BIMINI TOP:** Made of sturdy Vista canvas spanning 10 feet, our top also features 1 1/4” tubing with stainless fixtures for strength, quick-release and drop-down tow mode for convenience, and solution-dyed polyester that’s ultra wear resistant and color-fast to ensure color that lasts without bleeding (Majestic and MX models only).

D  **FENCE & RAILING:** Features foam backing to prevent rattling and fully welded and anodized railing to add strength. Anodized welds are never painted. It’s all backed by a 6-year warranty.

E  **THROUGH-BOLTED TRANSOM:** Made of up to .190 gauge aluminum and supported with up to 20 stainless bolts to handle today’s higher horsepower engines.

F  **4-POINT DECK TO HULL FUSION:** Starcraft deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.
MAJESTIC
LAUNCH A NEW STANDARD FOR LUXURY & PERFORMANCE.

The Starcraft Majestic series takes to the water as the paramount pontoon experience. This luxury cruiser is decked out for optimal relaxation featuring a plush, high-back helm chair and overstuffed loungers for soaking up the sun in complete comfort.
