THE ONLY WARRANTY WITH 250 YEARS OF HERITAGE BEHIND IT.
BORN TO FISH. BUILT FOR WINNERS.

For 110+ years, the name Starcraft has stood for quality and innovation in fishing boats. We’ve earned our reputation through hull designs that deliver jaw-dropping performance and a smoother, drier ride — and through industry-leading construction and high-grade materials. It’s this attention to detail that turns the heads of professional anglers across North America, and we are proud to build boats that help them succeed. Most importantly, we take that knowledge and apply it to great models that fit every budget. Whether you’re looking for a fully-loaded, tournament-ready craft or a rugged, reliable utility, you can be sure you’re getting a boat that reflects our proud heritage. Because if you were born to fish, there’s a Starcraft for you.

GUIDED BY FIVE GENERATIONS OF THE SCHROCK FAMILY AND ITS PASSION FOR BOATING, STARCRAFT MARINE HAS DEVELOPED A LOYAL, EXPERIENCED NETWORK OF EMPLOYEES AND DEALERS, SO THAT WE CAN DELIVER THE INDUSTRY’S BEST SERVICE AND LIFETIME +6 WARRANTY. IT’S PEACE OF MIND THAT WE’LL BE HERE FOR GENERATIONS TO COME.
OUR COMMITMENT TO YOU: SUPERIOR CRAFTSMANSHIP.

As passionate anglers, we know firsthand all the things that create a better fishing experience. It starts with better materials, superior construction methods and innovative hull designs that deliver the very best ride and handling in all types of water. It also means delivering better fishing foundations: larger bow platforms, state-of-the-art livewells, exciting consoles and plenty of secure rod storage. And it's topped off with top-quality factory-installed features and an impressive, durable paint finish that's worthy of carrying our name.

HEAVY GAUGE ALUMINUM is de-coiled into flat sheets that are ready to be cut, bent and molded for production.

CNC ROUTED parts are cut out on a router to the exact dimensions to fit perfectly into every boat.

ONE-PIECE ALUMINUM BOTTOM is folded and molded to the greatest intrinsic shape.

RIVETED for superior strength, allowing the flexing needed for a smooth, dry ride.

5052 H34 Marine grade 100-gauge aluminum resists dents, dings and corrosion for years of reliability.

POWER-TRAC HULL® combines longitudinal, machine-formed ribs with Starcraft’s exclusive Torsion Beam Construction (TBC) stringer system that flexes with the waves instead of against them, providing greater strength and a smoother ride.

7-LAYER PLYWOOD FLOORS injected with urethane foam deliver maximum buoyancy, and all carpet and vinyl is installed with spray adhesive to avoid any loose fitting materials.

FULL PAINTED HULLS are first primed before painting and baked twice to provide showroom looks for years to come.

ALL DECALS are installed by hand, giving the boat a finished look that is unmatched.
EXCLUSIVE PERFORMANCE OF THE POWER-TRAC HULL®

A smoother ride at higher speeds depends on a better hull design. Starcraft Power-Trac Hull features a greater angle of deadrise that works in combination with the exclusive Torsion Beam Construction (TBC) stringer system to deliver game-changing performance. Longitudinal machine-formed ribs flex with the chop to minimize pounding even in rough water.

SOFT & SMOOTH RE-ENTRY: When it comes to rough water, a great ride depends on the re-entry of a boat. Starcraft’s exclusive Power-Trac Hull and aggressive deadrise at transom in combination account for one of the softest rides in rough water.

STATE-OF-THE-ART LIVEWELLS: CONVENIENT, RELIABLE

You can count on Starcraft for large-capacity, state-of-the-art aerated livewells to hold your catch and keep it fresh all day. Select models feature an aerated, timed and recirculating livewell with an integrated baitwell and oxygenator.

FRESHCATCH LIVEWELL: Our aerated livewells are timed for convenience and feature a PowerStream nozzle, a single bilge and black thru-hulls.

FRESHCATCH PRO LIVEWELL: Our pro livewells are aerated and timed and feature a recirculating pump to move more water and oxygen into the tanks to keep fish active. Highlights include a PowerStream aerator, black thru-hulls and PowerStream nozzle.

ROD STORAGE

Our rod storage spaces are designed to give you the ability to take and easily access all your favorite gear. Select models feature lockable bow in-floor center storage that safely stows up to eight rods.

BOW PLATFORMS

Starcraft fishing boats feature wide beams and large, open casting platforms. Flush in-floor storage and livewells give you unobstructed space for maneuvering. And the enhanced interior depth of our deep-V hulls provide added safety in rough conditions.

CONSOLES

Starcraft deluxe consoles are sleek and contemporary with sports car styling and ergonomic comfort at the helm. Select models feature a full array of fog-free gauges, hydraulic steering, lighted rocker switches, and space to conveniently mount a sonar unit.

You can count on Starcraft fishing boats to be backed by the industry’s best warranty. The exclusive Lifetime +6 warranty provides a limited lifetime warranty on the hull and structure and a 6-year warranty on all components, including carpet, upholstery and electronics. The warranty covers all parts and labor and is transferable to a second owner.
Starcraft is proud to sponsor a corps of elite professionals competing at both the local and national level throughout North America. With numerous World Championship and Team of the Year titles to their credit, Team Starcraft demands a superior level of performance and reliability that’s passed on to our recreational and semi-pro customers. Feedback from the team helps us to continually fine-tune our design process and build a better boat that every fisherman can take pride in.
