THE INDUSTRY’S BEST WARRANTY. PERIOD.

• Limited lifetime warranty on hull and structure
• 6-year warranty on all components, carpet, upholstery and electronics
• All parts and labor
• 100% administered by Starcraft Customer Service Department
• Transferable to second owner

THE ONLY WARRANTY WITH 250 YEARS OF HERITAGE BEHIND IT.
FIVE GENERATIONS OF FAMILY PRIDE GO INTO EVERY PONTOON WE BUILD.

When it’s time to move up to a better pontoon, there’s no better choice than a luxury-minded Starcraft. With an unmatched heritage of quality and craftsmanship, Starcraft pontoons continually set the standard for better experiences on the water. Every construction detail is engineered for reliability, and every interior is designed for comfort and sophistication. Plus, no matter which Starcraft pontoon you choose, you can elevate its performance with the HMX option, featuring lifting strakes that increase speed and fuel efficiency and provide a tighter turning radius. It takes a heritage of pride and excellence to build best-in-class pontoons year after year. So from our family to yours, welcome aboard.

GUIDED BY FIVE GENERATIONS OF THE SCHROCK FAMILY AND ITS PASSION FOR BOATING, STARCRAFT MARINE HAS DEVELOPED A LOYAL, EXPERIENCED NETWORK OF EMPLOYEES AND DEALERS, SO THAT WE CAN DELIVER THE INDUSTRY’S BEST SERVICE AND LIFETIME +6 WARRANTY. IT’S PEACE OF MIND THAT WE’LL BE HERE FOR GENERATIONS TO COME.
HMX TAKES PERFORMANCE INTO THE FAST LANE.

Mounting the HMX performance strakes on the inside of the outer tubes and on both sides of the middle tube delivers a tighter turning radius and faster planing that is ideal for all watersports and cruising.
OUTPERFORM YOUR EXPECTATIONS.

At Starcraft, we’re committed to continuous innovation in pontoon performance so that you can maximize the freedom and flexibility of the pontoon boat experience. HMX Performance Strakes deliver better lift, less surface drag, increased speed, faster planing and a tighter turning radius that allows you to dig and pivot to quickly rejoin a downed skier. Plus, when you add a higher horsepower engine to this innovative tube design, you’ll experience exhilaration you never dreamed possible in a pontoon.

Configurations that include the PR25 and PR20 center tube options provide for an integrated ski pylon and 25” and 20” transom heights for your choice of engine shaft. It’s all designed to give you a luxury pontoon with the exhilarating performance of a ski boat.

### PAINTED TUBE OPTION

Starcraft pontoon tubes are constructed with up to .100” gauge one-piece marine-grade aluminum. And now, with the painted tube option, you get the added durability provided by a combination of zinc chromate primer and urethane paint, which forms a corrosion-resistant surface.
STEP UP TO STATE-OF-THE-ART.

A great day on the water starts and ends with a boat tailor-made to your specifications.

That’s why every Starcraft pontoon is built on our three pillars of a better experience: sophisticated real-world technology, luxurious comfort, and the freedom to choose virtually every aspect, from floorplans to flooring and much more.

TECHNOLOGY

Get ready to experience up-to-the-minute pontoon technology driven by our commitment to industry-leading design and meticulous construction.

MURPHY TOUCH SCREEN: Select Starcraft pontoon models are available with a Murphy touch screen control system, putting a wide range of features at your fingertips.

BIGGIE VISION CAMERA SYSTEM: Our exclusive 3-camera system enhances safety by providing a view of activity behind the boat during swimming and watersports and eliminating blind spots while docking.

Quick-read gauges for engine, air and water | GPS with handy chart plotter and compass heading | Stereo remote with Bluetooth®, plus 3 video inputs | Controls for all interior and exterior accent lights | Controls for freshwater pump, bilge pump, refrigerator and power Bimini top where applicable

TUBES: Choose from any of our exceptional pontoon configurations just right for your performance needs.

HMX Performance Strakes | 3 Standard tubes | PR25 Tube | PTS Center Tube
COMFORT

Everything about a Starcraft pontoon is designed for your ultimate comfort and ease of use. Create your own luxurious living room on the water with a floorplan and furniture selection tailor-made to your lake lifestyle.

FURNITURE: You’ll enjoy the finest, marine-grade quality vinyl with a soft touch and stain resistant, weatherized coating. Plush, oversized front and rear loungers and ergonomic helm chairs deliver all-day relaxation and style.

FLOORPLANS: Find the spacious floorplan configuration that accommodates your headcount and fits your lifestyle. Designed to meet all your recreational and entertaining needs, you choose the model that suits you — from versatile rear loungers, stylish port seating, dual high back helm chairs, and even bar models.

CHOICE

Freedom of choice means more freedom out on the water. From our wide range of innovative floorplans to our extensive options and packages, the fun starts with finding the pontoon just right for you.

FLOORING: Choose from durable woven vinyl and vinyl teak decking to an impressive array of carpet styles and colors.

COLORS: From panel colors and graphics to interior accents like a coordinating Bimini top, it’s easy to customize a color scheme that feels like home to you.

LED LIGHTING: A wide selection of standard and optional LED lighting is available. From Babbito underdeck and underwater lighting to mood lighting and illuminated speakers and cupholders, visibility is always a priority.
Don’t take our word for it, simply take a closer look at our fleet of expertly crafted pontoons. Decades of building exceptional boats have taught us that true quality comes from meticulous construction and attention to detail. Compare our hat-channel and cross channel construction with the foundations of other pontoons. Count the fasteners. Note the heft of the aluminum gauge. What sets us apart is in the details.

**CROSS CHANNEL CONSTRUCTION:** Provides superior chassis strength. The transom area is supported with up to 3/16" hat-channel construction using twice the number of fixtures as other pontoons. This provides the strength needed to handle the high torque of today’s large engines.

**DOES YOUR BOAT HAVE OUR CONSTRUCTION?** Other manufacturers use C-channel designs which can require more cross members and provide less strength than Starcraft’s hat-channel construction. And with imbalanced weight distribution, C-channel cross members are less able to withstand the forces exerted on the pontoon year after year.

---

**OUR CRAFTSMANSHIP YOU CAN COUNT ON.**
A HAT-CHANNEL CONSTRUCTION: It all begins with .250" (heavy) and .125" (standard) gauge aluminum hat-channels that are 6" wide and secured with 8 bolts spanning our 6" wide deck risers. This creates the widest base in the industry and gives our pontoons greater stability without adding unnecessary weight. Combine that with a .190" gauge aluminum transom that’s through-bolted with up to 20 bolts and footed deck risers that prevent tube fatigue, and you see why Starcraft backs its industry-leading construction with a Limited Lifetime Warranty on every product.

B CONSTRUCTED FOR ENDURANCE: 3/4", 7-ply pressure treated plywood through-bolted and screwed to the hat channels to create the strongest seams in the industry.

C QUICK-RELEASE BIMINI TOP: Made of sturdy Vista canvas spanning 10 feet, our top also features 1-1/4" tubing with stainless fixtures for strength, quick-release and drop-down tow mode for convenience, and solution-dyed polyester that’s ultra wear resistant and colorfast to ensure color that lasts without bleeding (Majestic and MX models only).

D FENCE & RAILING: Features foam backing to prevent rattling and fully welded and anodized railing to add strength. Anodized welds are never painted. It’s all backed by a 6-year warranty.

E THROUGH-BOLTED TRANSOM: Made of up to .190" gauge aluminum and supported with up to 20 stainless bolts to handle today’s higher horsepower engines.

F 4-POINT DECK TO HULL FUSION: Starcraft deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.
MAJESTIC

LEGENDARY LUXURY MEETS NEXT-GENERATION PERFORMANCE.

A best-in-class boating experience awaits you on a Starcraft Majestic pontoon. This luxury cruiser comes fully loaded with top-of-the-line features like a plush, high back helm chair and overstuffed loungers ready for some well-deserved relaxation. A Sirius-ready Polk stereo with Bluetooth® capabilities and a deluxe Bose® speaker system delivers premium sound, and you’ll take the helm in confidence with the impressive raised console with full gauge array. Full-featured bar models let you entertain in style, and with a long list of optional features, you can design a Majestic all your own.
